A Conference with Heart

State of Django

We're presenting a panel on the State of Django: the codebase and the community. Join us on Wednesday afternoon to hear from Django contributors, the Django Software Foundation, Django Girls, and DEFNA.

Tutorials & Talks

Our program is live! There's something for everyone, from APIs to Zappa and everything in between. Take a peek at our keynotes and start planning which talks you'll attend!

Code of Conduct

Participants are expected to be respectful to each other. For details on our expectations, and who to contact if you need assistance, see our [code of conduct](#).
